Edupoint Releases StudentVUE and ParentVUE Mobile Applications for the Android Mobile Platform

MESA, Arizona – (February 2, 2012) – Edupoint Educational Systems, a leading student information system (SIS) solutions provider to the national K-12 market, announces the release of StudentVUE™ and ParentVUE™ mobile applications for the Android mobile platform. An integrated component of the Synergy™ Education Platform, Edupoint's mobile applications provide day-to-day insight into a student's academic experience from any supported mobile device.

An integrated mobile application platform is an important vision of Edupoint. Already industry leaders with their revolutionary ParentVUE and StudentVUE iPhone/iPad mobile applications, the same forward-thinking functionality is now available for users of the Android mobile platform.

“As the number of mobile devices continues to grow and as the capabilities of those devices increase, so too has Edupoint's investment in mobile applications,” says Rob Wilson, Edupoint's President and COO. “Our mobile solutions focus on delivering timely, on-demand access to information, enhanced communication, and improved efficiencies for all K-12 stakeholders and we are excited to continue our expansion to support the Android platform .”

About Edupoint Educational Systems

For thirty years, the leadership of Edupoint Educational Systems, LLC, has set the standard for K-12 student information management systems. Their innovative solutions have been used by thousands of schools to manage millions of students. Today, the company empowers a new era of self-sufficient school districts with solutions built on Synergy Technology™, its extensible, scalable, rapid application development platform. Those solutions include the Synergy™ Student Information System, an enterprise-level student information system, and Synergy™ Special Education, a comprehensive special education management system.

Edupoint's GENESIS, GENESEA, and Revelation Technology suite of products is being rebranded as the Synergy Education Platform. Our new Synergy brand name and Education Platform descriptor reflect the evolution of our GENESIS and GENESEA solutions, which have been enhanced over several years to provide a true K-12 student data management platform. The Synergy name also better represents the benefits derived from our solutions as we engage all district stakeholders and empower our partners through powerful, integrated solutions.
